A LEGACY OF INSPIRATION
Kisni Devi Maheshwari

At **Maheshwari Institute of Pharmacy, Nagpur**, we strive for excellence through innovative education, practical learning, and professional ethics, nurturing skilled and compassionate pharmacy professionals dedicated to better healthcare and society.

We move forward with dedication, guided by the blessings and inspiration of **our guiding light, Kisni Devi Maheshwari**, whose legacy continues to motivate us towards excellence and a brighter future.

Our Guiding Lights

Inspiring Generations, Building Futures

Mr. Jitesh Nathmal Maheswari
Chairperson

Dr. Pooja Maheshwari
Secretary, KDM Education Society

A visionary leader whose guidance and dedication inspire our growth and success. His commitment to excellence continues to shape a brighter future for our institution.

Editor's Note

Welcome to the first edition of The Healing Lens. This publication represents more than just a college magazine; it is a testament to the curiosity and clinical dedication that defines our pharmaceutical community. In these pages, we have gathered the highlights of our academic year, from the rigors of the laboratory to the vibrant culture of our annual fests.

As we navigate the complexities of modern pharmacology, we must also remember the human element at the heart of healing. This issue explores that intersection through student profiles, faculty achievements, and creative reflections.

I would like to thank the entire editorial team for their tireless work in curating this issue. We hope this magazine serves as a lens through which you can truly see the healing spirit that moves through our corridors every day.

-Vaibhavi Shenmare

Principal's Message

It gives me great pride to see the launch of 'The Healing Lens'. As Principal, I have witnessed the dedication of our students and faculty first-hand. Our institution is not merely a place of learning; it is a crucible where future healthcare leaders are forged.

The pharmaceutical industry is evolving at an unprecedented pace, and our curriculum remains at the forefront of this change. From state-of-the-art research facilities to our strong industry placements, we ensure our graduates are equipped with both knowledge and integrity.

My congratulations go to the editorial board for this magnificent publication. May 'The Healing Lens' continue to be a source of inspiration and a lasting record of our college's legacy in the field of pharmacy.

-Hitendra Dhabalia

About Our College

Established in **2023**, Maheshwari Institute of Pharmacy, Nagpur, was founded with a vision to provide quality pharmaceutical education and nurture the next generation of skilled, ethical, and competent pharmacy professionals. Guided by the principles of academic excellence, pharmaceutical innovation, and professional integrity, the institution strives to create a dynamic learning environment that combines theoretical knowledge with practical training.

With a dedicated team of **more than seven faculty members** and a growing community of **120 students**, the institute is committed to delivering student-centered education and fostering a culture of continuous learning, discipline, and innovation. The faculty members play a vital role in guiding students through academic activities, laboratory sessions, seminars, workshops, and other professional development initiatives.

The institution emphasizes the importance of practical skills, research aptitude, communication abilities, teamwork, and ethical values in shaping future pharmacists. Through well-planned academic activities and hands-on laboratory experiences, students are encouraged to develop scientific thinking, problem-solving skills, and a deeper understanding of pharmaceutical sciences.

Maheshwari Institute of Pharmacy also recognizes the important role pharmacists play in healthcare and society. The institute promotes awareness of rational drug use, patient safety, public health, and the responsible use of medicines. Various educational and co-curricular activities provide students with opportunities to enhance their confidence, leadership qualities, and social responsibility.

Since its establishment, the institute has continued to work towards creating a supportive and inspiring academic atmosphere where students can discover their potential and prepare for successful careers in pharmacy, healthcare, research, and related fields.

With a commitment to excellence, innovation, and service to society, Maheshwari Institute of Pharmacy envisions a future where every student becomes a knowledgeable, compassionate, and responsible pharmacy professional, contributing meaningfully to the advancement of healthcare.

VISION

To be a centre of excellence in pharmaceutical education and research.

MISSION

To nurture ethical, skilled and compassionate pharmacists.

Annual Fest

Three days of colour, music and pharma pride

This section showcases the vibrant spirit of Maheshwari Institute of Pharmacy through memorable events, student achievements, faculty contributions, and the meaningful initiative **SPARSH**. The active participation of our Principal, faculty, students, and guests makes every occasion special, fostering learning, teamwork, social awareness, and professional growth.

Sports Day

Spirit, stamina and team glory

Celebrating Sportsmanship, Team Spirit, and Victory!
Sports are an essential part of student life, promoting fitness, discipline, teamwork, and leadership. At Maheshwari Institute of Pharmacy, sports activities encourage students to showcase their talents, embrace challenges, and develop a spirit of healthy competition. Every game becomes an opportunity to build confidence, strengthen unity, and create unforgettable memories beyond the classroom.

"Play with passion, win with pride!"

Students enthusiastically participated in various sports activities, including cricket, volleyball, badminton, kabaddi, kho-kho, running races, and other fun games. The activities promoted teamwork, physical fitness, discipline, and healthy competition. The day concluded with joyful memories and a renewed spirit of sportsmanship among students.

Cultural Programme

Dance, drama and melodies on one stage

Celebrating Culture, Creativity, and Togetherness!

Cultural activities at Maheshwari Institute of Pharmacy provide a vibrant platform for students to showcase their talents through dance, singing, drama, traditional performances, and festive celebrations. With the encouragement of Principal Hitendra Dhabalia and faculty members, these events promote creativity, confidence, cultural values, and unity, making campus life memorable and joyful.

Seminars & Workshops

Learning beyond the classroom

Seminars and workshops provide a platform for students to explore new developments in pharmaceutical sciences, enhance practical knowledge, and develop professional skills. With the guidance of faculty members and expert speakers, these activities encourage active participation, innovation, and continuous learning, preparing students for successful careers in the pharmacy profession.

> "Seminars and workshops transform knowledge into action, inspire innovation, and empower learners to turn ideas into achievements."

The sessions featured engaging discussions, interactive activities, and valuable insights into emerging pharmaceutical trends and industry practices. Students actively participated, clarified their doubts, and gained a deeper understanding of practical applications beyond the classroom. One participant shared, "The seminar helped us connect theoretical concepts with real-world pharmaceutical practices." The event successfully strengthened communication, critical thinking, and teamwork while inspiring students to pursue professional excellence and lifelong learning.

"Glimpses of memorable moments, achievements, celebrations, and experiences that define our college journey."

Health Camp & Outreach

Serving the community with care

The Health Camp and First Aid Training Programme at Maheshwari Institute of Pharmacy highlighted the importance of community healthcare, emergency preparedness, and social responsibility. Students actively participated in health awareness activities, basic health check-ups, CPR demonstrations, and practical first aid training. Under the guidance of Principal Mr. Hitendra Dhabalia and faculty members Ashwini Ukunde, Vaibhavi Shenmare, Sagrika Kukade, Rakesh Tatare, Jayashri Dhage, Ekta Mahajan, and Kashish Malick, the programme provided valuable learning experiences and encouraged students to develop essential life-saving skills. The initiative strengthened students' practical knowledge, teamwork, and commitment to serving society as responsible future pharmacy professionals.

Student Achievements

Proud moments of our pharmacists-to-be

Ms.Sapna Kadwe

FIRST TOPPEER OF MIP | DPharm 2023-2024 BATCH

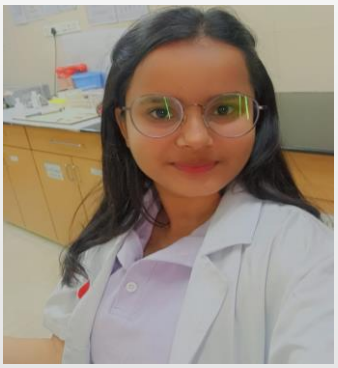

The First Topper's outstanding performance reflects academic excellence and hard work, bringing pride to Maheshwari Institute of Pharmacy.

Ms. Mayuri Yelne

SECOND TOPPEER OF MIP | DPharm 2023-2024 BATCH

The Second Topper's achievement reflects dedication and consistent effort, bringing pride to Maheshwari Institute of Pharmacy.

Ms. Megha Bhiwankar

FIRST TOPPEER OF MIP | DPharm 2024-2025 BATCH

The First Topper's outstanding achievement reflects dedication, hard work, and academic excellence.

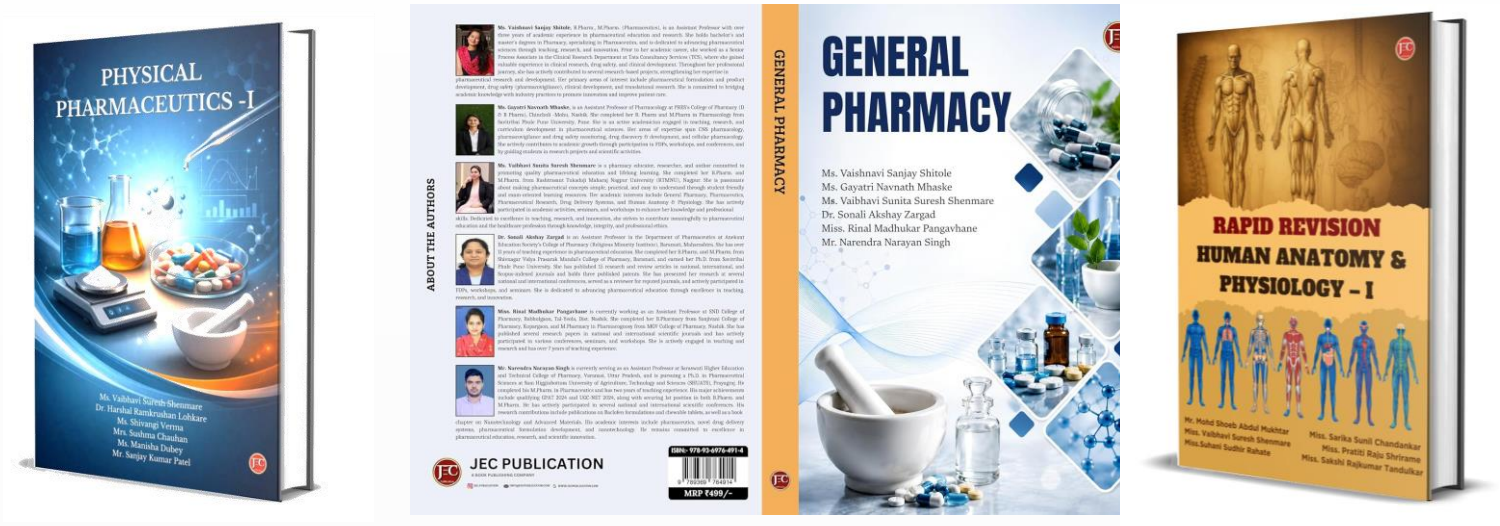

Ms. Manisha Shivankar

SECOND TOPPEER OF MIP | DPharm 2024-2025 BATCH

The Second Topper's success showcases perseverance, consistent performance, and a strong commitment to learning.

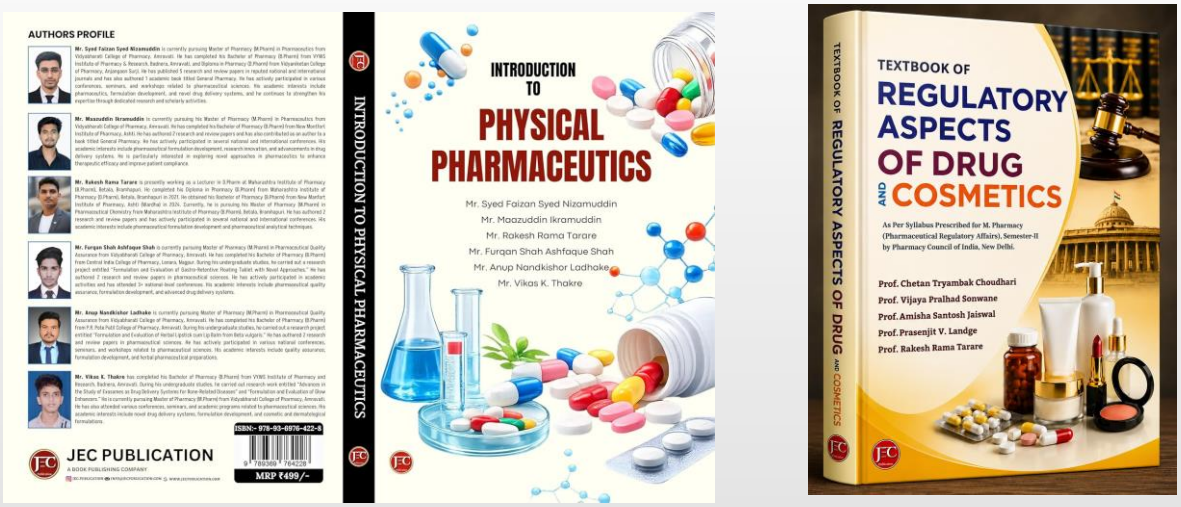

Faculty Achievements

Celebrating academic excellence

Turning Knowledge into Pages, Inspiring Excellence in Pharmacy Education

Ms.Vaibhavi Shenmare has achieved a significant academic milestone through the publication of three educational books: *HAP-I Rapid Revision*, *Physical Pharmaceutics and Processing*, and *General Pharmacy*. These publications aim to simplify complex pharmaceutical concepts, support effective examination preparation, and strengthen students' theoretical understanding. Her contribution reflects a passion for knowledge sharing, academic innovation, and excellence in pharmacy education, inspiring future pharmacy professionals to learn, grow, and succeed.

Elebrating academic excellence through knowledge and innovation

Mr. Rakesh tatare has contributed to pharmacy education through the publication of two academic books: *regulatory aspects of drugs and cosmetics* and *physical pharmaceutics*. These books focus on essential pharmaceutical knowledge, including drug and cosmetic regulations, physicochemical principles, and their applications in pharmacy. His contribution reflects his dedication to academic development, knowledge sharing, and supporting students in building a strong foundation for their future pharmaceutical careers.

"Great achievements begin with knowledge, grow through dedication, and shine through excellence."

Department News I

Health Camp: Caring Beyond the Classroom

The department organised health awareness activities to promote community well-being and preventive healthcare. Students participated in health check-ups and awareness initiatives under faculty guidance. The programme provided valuable exposure to community pharmacy practices. It also encouraged students to develop social responsibility and a patient-centred approach.

Teachers' Day Celebration: Honouring the Architects of Tomorrow

Maheshwari Institute of Pharmacy celebrated Teachers' Day to honour the dedication, guidance, and invaluable contributions of teachers. Students expressed their gratitude through heartfelt gestures and engaging activities. The celebration recognised the important role of educators in shaping knowledge, character, and professional values. The event created a warm and joyful atmosphere, strengthening the bond between students and faculty while celebrating the true spirit of teaching.

Ganesh Utsav: Seven Days of Faith, Culture and Togetherness

Maheshwari Institute of Pharmacy celebrated the seven-day Ganesh Utsav with immense devotion, vibrant festivities, and spiritual enthusiasm. The campus came alive with daily aarti, prayers, and joyful participation from students and faculty members. The celebration beautifully blended tradition with togetherness, fostering unity, positivity, and cultural appreciation. The festival concluded with heartfelt prayers to Lord Ganesha, seeking wisdom, prosperity, and success for all. The occasion left behind cherished memories and strengthened the spirit of harmony within the college community.

Department News II

NSS Activity: Cleanliness Drive and Tree Plantation – 24 September

The NSS unit celebrated its commitment to environmental protection through a Swachhta Abhiyan and Tree Plantation Drive on 24 September. Students and faculty actively participated in campus cleanliness activities and planted saplings to promote a greener environment. The initiative spread awareness about hygiene, sustainability, and ecological responsibility. The activity encouraged students to become responsible citizens and contribute towards a cleaner, greener, and healthier society.

Pharmacist Week Celebration: Honouring the Pillars of Healthcare

Maheshwari Institute of Pharmacy celebrated Pharmacist Week with enthusiasm to highlight the vital role of pharmacists in healthcare. The celebration featured awareness activities and student participation to promote the importance of safe medication practices and responsible medicine use. Faculty members guided students in understanding the evolving responsibilities of pharmacy professionals. The event inspired future pharmacists to uphold professional ethics and contribute to better patient care and public health.

Navratri Celebration: Embracing Tradition and Togetherness

Maheshwari Institute of Pharmacy celebrated Navratri with joy, devotion, and cultural enthusiasm. Students and faculty came together to honour Goddess Durga and celebrate the spirit of Indian traditions. The celebration reflected cultural values, unity, and respect for heritage. The vibrant festivities created a joyful atmosphere and strengthened bonds among students and staff, making the occasion a memorable part of campus life.

Faculty Corner

Our mentors, our inspiration

Leadership Profile: Mr. Hitendra Dhabalia
Principal | Academic Leader | Pharmaceutical Education Professional
Mr. Hitendra Dhabalia, Principal of Maheshwari Institute of Pharmacy, is an experienced pharmaceutical education professional with over 25 years of experience and an M.Pharm specialization in Pharmacognosy. His academic journey reflects a strong commitment to pharmacy education, institutional development, and student success. With expertise in Pharmacognosy, the study of medicinal plants and natural pharmaceutical substances, he brings valuable academic perspective to the development of future pharmacy professionals. His leadership encourages academic discipline, practical learning, research awareness, and professional growth. Through his guidance, the institution strives to nurture knowledgeable, skilled, and socially responsible pharmacists.

Faculty Profile: Mrs. Ashwini Ukunde
Head of Department | M.Pharm in Pharmaceutics
Mrs. Ashwini Ukunde, Head of the Department at Maheshwari Institute of Pharmacy, brings a blend of industrial exposure and academic experience, with **2 years of industrial experience and 3.5 years of teaching experience**. Holding an M.Pharm in Pharmaceutics, she is committed to strengthening students' understanding of pharmaceutical formulation, drug delivery systems, and pharmaceutical technology. Her academic interests include formulation development, dosage form design, and the application of scientific principles to pharmaceutical research.

Faculty Profile: Ms. Sagrika Kukade
Faculty Member | M.Pharm in Pharmaceutics
Ms. Sagrika Kukade is a dedicated pharmacy educator with an M.Pharm in Pharmaceutics, supported by **1 year of industrial experience and 3 years of teaching experience**. Her blend of industrial exposure and academic expertise supports her commitment to quality pharmacy education. Her academic interests include pharmaceutical formulation, drug delivery systems, and advancements in pharmaceutical technology. Through interactive teaching and practical learning, she encourages scientific curiosity, critical thinking, and professional development, preparing students to meet the evolving demands of the pharmaceutical and healthcare sectors.

Faculty Profile: Ms. Vaibhavi Shenmare
Lecturer | M.Pharm in Pharmaceutics | Academic Author
Ms. Vaibhavi Shenmare is a dedicated pharmacy educator with an M.Pharm in Pharmaceutics and **four years of teaching experience**. She is passionate about simplifying complex pharmaceutical concepts and promoting student-centred learning. Her academic interests include pharmaceutical formulation, drug delivery systems, and innovative teaching methodologies. She has also contributed to pharmacy education through three academic books: *HAP-I Rapid Revision*, *Physical Pharmaceutics and Processing*, and *General Pharmacy*. Her commitment to teaching and academic writing reflects her dedication to student success and excellence in pharmacy education.

Faculty Corner

Our mentors, our inspiration

Faculty Profile: Ms. Jayashri Dhage
Faculty Member | M.Pharm in Pharmaceutics
Ms. Jayashri Dhage is a committed pharmacy educator with an M.Pharm in Pharmaceutics and **three years of teaching experience**. She is dedicated to delivering quality education and fostering a strong understanding of pharmaceutical sciences among students. Her academic interests include pharmaceutical formulation, drug delivery systems, and modern pharmaceutical technologies. Through interactive teaching and a student-focused approach, she encourages practical learning, scientific curiosity, and professional development, helping students build a strong foundation for successful careers in pharmacy.

Faculty Profile: Mr. Rakesh Tatare
Faculty Member | M.Pharm in Pharmaceutical Chemistry
Mr. Rakesh Tatare is a dedicated pharmacy educator with an M.Pharm in Pharmaceutical Chemistry and **three years of teaching experience**. He is passionate about developing students' understanding of medicinal chemistry, drug design, and the chemical principles underlying pharmaceutical sciences. His teaching approach emphasises conceptual clarity, analytical thinking, and the practical relevance of pharmaceutical chemistry. Through his academic contributions and commitment to student development, he strives to nurture knowledgeable, skilled, and competent future pharmacy professionals.

Faculty Profile: Ms. Ekta Mahajan
Faculty Member | M.Pharm in Quality Assurance (QA)
Ms. Ekta Mahajan is a dedicated pharmacy educator with an M.Pharm in Quality Assurance. Her academic specialization focuses on pharmaceutical quality systems, quality control, validation, and regulatory compliance. She is committed to promoting accuracy, analytical thinking, and quality-oriented practices among pharmacy students.

Faculty Profile: Ms. Kashish Malick
Faculty Member | M.Pharm in Quality Assurance
Ms. Kashish Malick is a pharmacy professional with an M.Pharm in Quality Assurance, specialising in pharmaceutical quality systems, validation, and regulatory compliance. Her academic interests focus on maintaining the quality, safety, and efficacy of pharmaceutical products. She is committed to promoting scientific thinking, accuracy, and quality-conscious practices among students. Through her dedication to pharmacy education, she aims to help students understand industry standards and develop the knowledge and skills required for successful careers in the pharmaceutical sector.

Alumni Speak

“From classroom lessons to real-world achievements, the journey of our alumni reflects growth, perseverance, and lifelong learning. The knowledge, values, and friendships built at Maheshwari Institute of Pharmacy continue to inspire success beyond campus. Our alumni are the pride of our institution, carrying forward the spirit of excellence and shaping a brighter future in the pharmaceutical and healthcare sectors.”

One of my fondest memories is learning alongside supportive teachers and friends who made every college experience meaningful. The guidance of inspiring faculty members helped me build confidence, strengthen my knowledge, and develop a passion for pharmaceutical sciences. My interest in pharmacy grew as I understood how medicines and healthcare can transform lives. These experiences shaped my journey, strengthened my commitment to the profession, and continue to inspire me to make a positive difference in healthcare.

To all my juniors, embrace every opportunity to learn, stay curious, and never be afraid to ask questions. Focus on building strong concepts, gaining practical experience, and developing compassion alongside professional skills. Remember, pharmacy is not just about medicines; it is about improving lives. Believe in yourself, work consistently toward your goals, and let your passion guide you toward a successful and meaningful career.

— Alumnus / Alumna, Batch 2024-25

Career Tips

1

Know your pathway

Retail or hospital pharmacy, manufacturing, drug store ownership, or higher studies.

2

Register as a pharmacist

Get registered with your State Pharmacy Council right after completing your diploma.

3

Build practical skills

Training in hospitals, medical stores and production units makes your resume stand out.

4

Plan your next degree

Prepare for B.Pharm lateral entry (LEET) early and practise past papers.

5

Network with professionals

Attend pharmacy seminars and connect with seniors and working pharmacists.

6

Never stop learning

Short courses in pharmacovigilance, drug regulations and patient counselling add value.

Study Tips

1

Make drug charts

Use colours and flashcards for classes of drugs.

2

Study in short sprints

25 minutes of focus, 5 minutes of rest.

3

Learn through cases

Connect each drug to a real patient scenario.

4

Revise weekly

Spaced revision beats last-night cramming.

5

Study in groups

Teach a friend to master a topic.

6

Sleep and hydrate

A rested mind remembers more.

Opinions, ideas and discoveries

Pharmacists: The Unsung Heroes of Healthcare

Mr. GANESH DALAL | BATCH 2023-24

Pharmacists play a vital role in ensuring the safe, effective, and responsible use of medicines. Beyond dispensing prescriptions, they educate patients, promote medication safety, support disease prevention, and contribute to better healthcare outcomes. Their expertise helps prevent medication errors and encourages the rational use of medicines. Despite often working behind the scenes, pharmacists remain essential members of the healthcare team.

A pharmacist does more than dispense medicine—they deliver hope, protect lives, and strengthen the future of healthcare. Their knowledge, compassion, and dedication remind us that behind every medicine is a professional committed to making a difference. Let us recognise, respect, and celebrate pharmacists as indispensable pillars of a healthier world.

"Behind every prescription is a pharmacist ensuring safety."

Short Story

The Last Prescription

It was a quiet evening on the last day of the academic year when Ananya, a pharmacy student, noticed an elderly man sitting alone outside the college health camp. His hands trembled as he held a small packet of medicines. When she gently asked if he needed help, he whispered, “These medicines are for my wife. I lost the prescription, and I’m afraid I might give her the wrong dose.”

Ananya sat beside him and listened as he explained that his wife had been seriously ill for weeks. He had spent his savings on treatment, and now he was struggling to understand the medicines. With tears in his eyes, he said, “She keeps asking me if she will get better. I tell her yes, but every night I’m afraid I’m lying.”

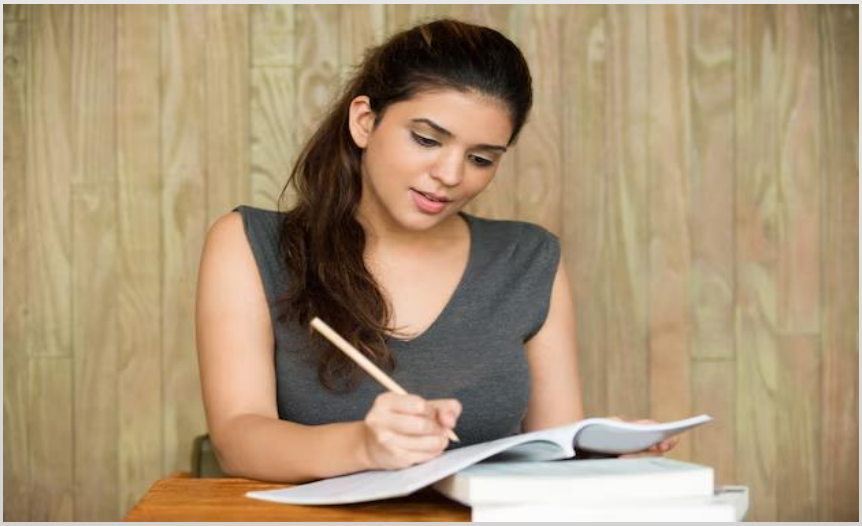

Those words touched Ananya deeply. She immediately sought help from the supervising pharmacist, who carefully reviewed the medicines and explained the correct instructions. Before leaving, the old man held Ananya’s hand and said, “Today, you didn’t just help me understand these medicines. You gave me the courage to go home and tell my wife that someone still cares.”

Ananya stood silently, fighting back tears. Until that moment, she had believed that becoming a pharmacist meant mastering formulas, memorising drug names, and passing examinations. Now she understood that behind every prescription was a person, a family, and sometimes a desperate hope for one more tomorrow.

Years later, whenever Ananya helped a patient, she remembered that evening. She realised that the most important lessons were not always written in textbooks.

“A medicine may heal the body, but compassion gives strength to the heart. Sometimes, the most powerful prescription is simply making someone feel they are not alone.”

Pharma Quiz

Test your pharmacy knowledge

1

Which organ is the main site of drug metabolism?

A) Kidney B) Liver C) Lung

2

The study of medicinal plants is called…

A) Pharmacognosy B) Pharmacokinetics C) Physiology

3

Penicillin was discovered by…

A) Louis Pasteur B) Alexander Fleming C) Robert Koch

4

The symbol Rx stands for…

A) Recipe / take B) Research C) Remedy

5

Aspirin belongs to which class?

A) Antibiotic B) NSAID C) Antiviral

ANSWER KEY

1-B 2-A 3-B 4-A 5-B

Did You Know?

Fascinating facts from the world of medicine

01

The word ‘pharmacy’ comes from the Greek ‘pharmakon’, meaning remedy.

02

Aspirin’s roots go back to willow bark used by ancient healers.

03

Insulin was first used to treat diabetes in 1922.

04

Nearly a quarter of modern drugs trace back to plants.

05

The Rx symbol is derived from the Latin ‘recipe’, meaning ‘take’.

06

World Pharmacists Day is celebrated on 25 September.

THE PHARMACIST'S PROMISE

"Every medicine has a purpose, every dose has importance, and every patient deserves care."

Pharmacists are more than medicine experts. They are healthcare educators, medication safety advocates, and trusted partners in patient well-being. Through knowledge, compassion, and dedication, they help ensure that every medicine is used safely and effectively.

Pharmacy is not just about medicines; it is about making a difference in lives.

BEYOND THE WHITE COAT

'BEYOND THE WHITE COAT"

"A white coat represents knowledge, but the heart beneath it represents compassion."Beyond the white coat lies a world of responsibility, empathy, and dedication. A pharmacist is not merely an expert in medicines but a trusted healthcare professional who helps protect lives, promote patient safety, and improve the quality of healthcare.Every prescription reviewed, every patient counselled, and every dose dispensed carries a responsibility that extends beyond textbooks and laboratories. It requires integrity, patience, understanding, and a genuine commitment to humanity.The true strength of a pharmacist lies not only in scientific knowledge but also in the ability to listen, care, and make a difference in someone's life. As future pharmacy professionals, our students are encouraged to embrace both scientific excellence and human values.Because the true purpose of pharmacy is not just to prepare medicines, but to bring hope, healing, and humanity to every life we touch.

UNTIL WE MEET AGAIN…

"Time turns the pages, memories keep them alive, and dreams lead us forward."

Every magazine holds more than words and photographs—it holds a piece of our heart, a collection of memories, and the story of who we are becoming. As we turn the final page of Maheshwari Institute of Pharmacy, Nagpur, we leave behind moments of learning, laughter, achievements, and togetherness that will forever remain a part of our journey. Each contribution, every milestone, and every shared dream has made these pages truly special. Though this edition comes to an end, the memories captured within it will continue to inspire us. New dreams will emerge, new achievements will unfold, and new stories will find their place in the pages yet to come. Some pages turn, some moments pass, but the memories we create together remain forever. Until we meet again, may our passion for knowledge, our compassion for humanity, and our commitment to excellence continue to guide us. The pages close, but our story lives on.

Maheshwari Institute of Pharmacy, Nagpur
Shaping Pharmacists, Touching Lives.

THE HEALING LENS

Thank you for joining us on this journey through the world of pharmacy. We look forward to our next edition.
